

DUPLI-COLOR EVENTMARKER

Technical Information

Eventmarker for short-term markings, e.g. in exhibition halls, on playgrounds, during events, in gardening, landscaping etc. With special valve for upside-down marking. Good coverage, can easily be washed off with water and broom. Disappears automatically by weathering influences. Provided with innovative safety cap with lockable spray actuator. No unintended spraying possible. Optional possible to apply with Markingroller or -gun.

Ord.-no: 133985

Quality & properties

- For temporary markings
- For indoor and outdoor applications
- Easily removed with water
- Innovative one-hand safety cap with lockable spray trigger prevents unintentional spraying
- Cap acceptable for special applications (for use in accessories)
- Special tilt valve for accurate wall and floor markings
- Outstanding adhesion to wet surfaces as well
- High coverage quality ensures high yield
- Simple to use also with gloves
- Clean, drip-free marking
- Environmentally friendly and non-hazardous to health
- Can be 100% emptied by spraying thanks to self-cleaning system, no venting therefore required

Physical & chemical data

- Base: Chalk
- Colourname: white
- Efficiency: 500 ML – 140 m
- Dry to touch: 30 min
- Dust dry: 10 min
- Completely dry: 24 h
- Overcoatable: 24 h
- Minimum Working Temperature: 10 °C
- Maximum Working Temperature: 25 °C
- Flash point: n.a.
- Storage stability: 10 y
- Content: 500 ML

How to use

- Shake can for approx. 3 minutes.
- Test spray at an invisible spot.
- Spray distance approx. 25 cm.
- Apply the desired marking.
- In case of use in the Speedliner² marking trolley, attend to the corresponding manual.

Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

Marking/Labelling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

As of May 7, 2025 – This release replaces all eventually earlier issued versions.
