

DUPLI-COLOR GOLD LOOK

Technical Information

This decorative, quick-drying lacquer gives the painted objects strikingly real-looking gold leaf optics. Resistant to abrasion, suitable for indoors and outdoors. For use on metal, glass, ceramics, stone, wood, paper, carton etc. Possible applications: picture/mirror frames, furniture, borders/ornamental battens, signs, decorations, etc.

Ord.-no: 263248, 290886

Quality & properties

- High-grade acrylic quality suitable for indoors and outdoors applications
- Very high degree of gloss
- High efficiency
- Very good coverage
- Excellent adhesion on many surfaces
- Good flow, smooth surfaces
- Quick-drying
- Resistant to abrasion
- Weather-resistant, light-proof, UV-resistant
- Scratch-, shock- and impact-resistant

Physical & chemical data

- Base: Acrylic resin
- Colourname: gold
- Smell: Characteristic
- Degree of gloss value: gloss, 75
- Efficiency: 400 ML – 1.0-2.0 m²
- Dust dry: 10 min
- Dry to touch: 30 min
- Completely dry: 2 h
- Surfaces: metal, glass, ceramics, stone, wood, paper, carton and many other surfaces
- Minimum Working Temperature: 10 °C
- Maximum Working Temperature: 25 °C
- Flash point: n.a.
- Storage stability: 10 years
- Content: 400 ML

How to use

- Remove residues of old paintings and rust, then prime if necessary.
- The surface has to be clean, dry and free from fat.
- Cover areas not to be painted.
- If necessary, apply the white DUPLI-COLOR Effect Primer.
- Before use, shake the can for 3 minutes.
- Test spray at an invisible spot to check colour-matching and compatibility of the lacquer.
- Spray from a distance of approx. 25 cm several thin coats.
- Do not spray over synthetic paints!

Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

Marking/Labelling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

As of July 10, 2025 – This release replaces all eventually earlier issued versions.
