

**DUPLI-COLOR ALL SEASON  
CLEARCOAT****Technical Information**

High-covering, scratch- and weather-resistant quality lacquer makes everyday things shine in a new gloss. For even and smooth surfaces – indoors and outdoors. High-grade synthetic lacquer in high gloss and matt. Suitable for wood, metal, glass, stone or coatable hard plastics.

**Ord.-no:** 466946, 467127

**Quality & properties**

- High-grade synthetic quality
- Fast-drying
- Suitable for indoors and outdoors applications
- Good filling power
- Good gloss retention
- Resistant to weathering, light-proof, UV-resistant
- Excellent flow for even surfaces
- Good adhesion on nearly all surfaces
- Scratch-, bump- and impact-proof

**Physical & chemical data**

- Base: Alkyd resin
- Colourname: transparent
- Smell: Characteristic
- Degree of gloss value:
  - high gloss, 85
  - mat, 10 ±2
- Efficiency: 400 ML – 1.0 - 1.4 m<sup>2</sup>
- Dust dry: 30 min
- Completely dry: 24 h
- Surfaces: wood, metal, glass, stone or coatable hard plastics
- Minimum Working Temperature: 10 °C
- Maximum Working Temperature: 25 °C
- Flash point: n.a.
- Storage stability: 10 years
- Content: 400 ML

---

**How to use**

The ground has to be clean, dry and fat-free  
Remove loose flakes of old paints and de-rust, then sand and prime.  
Before painting plastic parts, use DUPLI-COLOR Plastic Primer.  
Let dry for 1 - 2 hours.  
Mask off surfaces not to be painted.  
Before use, shake can for 3 minutes.  
Test colour of spray and compatibility at an invisible spot.  
Spray distance: approx. 25 cm  
Spray several thin coats in approx. 2 minute intervals.  
Re-coatable within 2 hours or not earlier than after 24 hours.  
Do not coat with acrylic lacquer - not even after curing!

**Environmentally sound**

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

**Disposal**

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

**Marking/Labelling**

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

**As of July 10, 2025** – This release replaces all eventually earlier issued versions.
