

**DUPLI-COLOR TUNING SPRAY PAINT  
CHROME / GOLD****Technical Information**

High-gloss effect spray, which gives a long-term look similar to polished gold resp. chrome to smooth surfaces. Suitable for all smooth surfaces like metal, wood, glass and many coatable plastics.

**Ord.-no:** 237966, 237973

**Quality & properties**

High-grade acrylic quality  
Resistant to water and common household cleansers  
Not weather resistant  
Not resistant to abrasion, therefore not suitable to spray on objects for daily use. Effect of gloss can change by intense rubbing or wiping  
Colour of contents similar to cap  
Very good coverage  
Very high gloss  
Excellent adhesion  
Quick-drying  
Good flow, smooth surface

**Physical & chemical data**

Base: Acrylic resin  
Colourname:

- chrome
- gold

Smell: Characteristic  
Degree of gloss value: gloss, 75  
Efficiency: 400 ML – 1.2 m<sup>2</sup>  
Dust dry: 10 min  
Dry to touch: 60 min  
Completely dry: 24 h  
Surfaces: metals, glass, ceramics, stone and many other surfaces  
Minimum Working Temperature: 10 °C  
Maximum Working Temperature: 25 °C  
Flash point: n.a.  
Storage stability: 10 years  
Content: 400 ML

---

**How to use**

The ground has to be clean, dry and free from rust and fat.

Absorbant surfaces have to be primed with Universal Primer.

Mask off areas not to be painted.

Before use, shake can for 3 minutes.

Test spray at an invisible spot.

Spray from a distance of 20 - 30 cm.

Spray in 2 minute intervals several thin coats.

Important: Due to technical reasons it is not possible to conserve the excellent high gloss. A coating with clear lacquer would etch the effect painting. The only possibility to renew the gloss is to apply a new coat of the effect spray.

Do not spray over surfaces which are painted with synthetic resin lacquer!

**Environmentally sound**

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

**Disposal**

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

**Marking/Labelling**

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

**As of July 10, 2025** – This release replaces all eventually earlier issued versions.
