

DUPLI-COLOR GRANITE LOOK

Technical Information

Granite Look is a high-quality, environmentally friendly, water-based latex paint designed for decoration and design. This effect spray works on most types of surfaces, including metal, plastic, glass, and polystyrene, offering countless creative possibilities for both indoor and outdoor use. With just one coat, it delivers an impressive granite stone appearance.

Ord.-no: 627798, 607837, 627811, 697005, 775383, 607844, 652806, 627958, 607851

Quality & properties

Special, aerosol-resistant, waterbased latex quality
For outdoor use, applying a protective clear coat is necessary to ensure resistance and durability.
Excellent adhesion
Light-proof, non-yellowing
No unpleasant odour
Can be washed off with water and soap within 30 minutes after application.
For optimal results with a matte finish, use DUPLI-COLOR GRANITE LOOK clearcoat or any other DUPLI-COLOR clear coat available in various gloss levels.

Physical & chemical data

Base: Acrylic resin
Colourname:

- almond
- black
- brown
- light grey
- grey
- peach
- white

Smell: Characteristic
Degree of gloss value: high gloss, 85
Efficiency:

- 400 ML – 0.4 m²
- 200 ML – 0.4 m²

Dust dry: 1 h
Dry to touch: 24 h
Completely dry: 24 h
Overcoatable: 24 h
Minimum Working Temperature:

- 10 °C
- 10

Maximum Working Temperature:

- 25 °C
- 25

Flash point: n.a.
Storage stability: 5 years
Content:

- 400 ML
- 200 ML

How to use

When applying light Granit Style colours on dark surfaces pre-coat a light primer, for example DUPLI-COLOR Universal Primer.

Plastic objects are recommended to be primed with DUPLI-COLOR Plastic Primer.

If necessary slightly sand surface. Remove the dust from smoothing.

The surface must be clean, absolutely free of grease and dry.

Cover areas not to be painted.

Shake the can for 3 minutes.

Test spray at an invisible spot.

Spraying distance approx. 30 cm several thin coats at 2 minute intervals.

To seal and protect the granite structure it is necessary to coat after drying (24 hrs.) with DUPLI-COLOR Granit clear lacquer or one of the below mentioned varnishes (especially at exterior use), e. g. DUPLI-COLOR Zapon Spray or polystyrene-resistant DUPLI-COLOR Deco Mat clear lacquer.

Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

Marking/Labelling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

As of July 10, 2025 – This release replaces all eventually earlier issued versions.
