How to use

Remove rust and dirt.
The ground has to be clean, dry and free from fat.
Possibly existing old paintings and smooth surfaces have to be roughened with fine sand paper.
Mask off areas not to be painted.
Before use, shake can for 3 minutes.
Test spray at an invisible spot.
Spray from a distance of approx. 25 cm several thin coats.
Do not spray over surfaces which are painted with synthetic resin lacquer!

Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".
