

## DUPLI-COLOR PLASTIC PRIMER AUTOMOTIVE

## Technical Information

Bonding agent for subsequent painting of plastic parts, suitable for car parts, garden furniture or other objects made of hard plastic. Can be used on: Polyurethane (PUR), polystyrene (PS), polyamide (PA), ethylene propylene diene monomer rubber (EPDM), acrylonitrile butadiene styrene plastic (ABS) and glass fibre reinforced plastic (GfK). Before application, we recommend to wet-sand plastic parts with presto wet-sandpaper P600 art.no. 135934 and to clean them with DUPLI-COLOR Plastic Cleaner art.no. 386343.

**Ord.-no:** 609367, 327292

### Quality & properties

Solvent-based product with special adhesion-promoting additives  
Quick-drying  
Suitable for indoors and outdoors applications  
Good resistance to outside influences  
Good flow, smooth surface

### Physical & chemical data

Base:  

- Acrylate copolymers
- Special resin

 Colourname: transparent  
 Efficiency: 150 ML – 5.0-6.0 m<sup>2</sup>  
 Dust dry:  

- 10 min
- 15 min

 Completely dry: 24 h  
 Overcoatable: 15 min  
 Surfaces: car parts, garden furniture and other objects of coatable hard plastics  
 Minimum Working Temperature: 10 °C  
 Maximum Working Temperature: 25 °C  
 Flash point: n.a.  
 Storage stability: 10 y  
 Content:  

- 150 ML
- 400 ML

---

**How to use**

Clean surface from dirt, fat and silicone.  
Evtl. sand with sandpaper grain 600.  
Remove abrasive dust.  
Before use, shake can for 3 minutes.  
Apply max. 2 thin layers.  
Spray from a distance of approx. 25 cm.  
After drying (approx. 15 minutes) coatable with acrylic, synthetic or nitro-combi lacquers.

**Environmentally sound**

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

**Disposal**

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

**Marking/Labelling**

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

**As of May 7, 2025** – This release replaces all eventually earlier issued versions.
