- No further fixation necessary
- Very good coverage and good light resistance for interior and exterior applications.
- After drying limited washing at 30°C (delicates programm, from left side).
- Not suitable for workaday clothes

Physical & chemical data

- Base: Acrylic resin
- Colourname:
 - ◊ yellow
 - ◊ red
 - ◊ blue
 - ◊ green
 - ◊ black
 - ◊ white
 - ◊ gold
 - ◊ silver
- Smell: Characteristic
- Efficiency: 150 ML – 0.4 m²
- Dry to touch: 30 min
- Dust dry: 10 min
- Completely dry: 24 h
- Surfaces: textile decorative items
- Minimum Working Temperature: 10 °C
- Maximum Working Temperature: 25 °C
- Vapour pressure: 4000/20 bar
- Storage stability: 10 y
- Content: 150 ML

How to use

- The textile you want to spray on has to be clean and dry.
- Carefully mask off the areas you do not want to paint!
- Protect the surroundings from spray mist.
- Before use, shake the can for approx. 3 minutes.
- Test the spray at an invisible spot.
- Apply the motif by spraying several thin layers.
- Spray from a distance of approx. 25 cm.
- Dust-dry after approx. 10 minutes, cured after approx. 24 hours.

Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

Marking/Labeling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

Friday until 12 h p.m.

As of August 18, 2022 – This release replaces all eventually earlier issued versions.
